Public Safety Recognition Luncheon

Presented by:

The Baytown Chamber of Commerce is excited about the 25th Annual Public Safety Recognition Luncheon. This event honors our local heroes for their outstanding service to the Baytown Community and now more than ever before we need to come together to show our appreciation and support to our local police officers, fire fighters/emergency medical service technicians and constable deputies. This should also be a time to come together as a community for the freedom and safety we have been given.
